## WHAT IS STUDENT SUMMER CAMP?

Student Summer Camp is a 3 day experience for students in grades 6-12. It is a time where we get away and spend some isolated time taking our faith to the next level. With challenging bible teaching, powerful worship, intentional small group conversation and not forget some healthy camp competition, our students are bound to have one of the best and most memorable times of their lives! Our goal for camp is to see every student take the next step in owning their own personal and robust faith.
