# Welcome to the World of Teen Slang

Lost? Confused? Unable to understand your teens? Don't worry; you're in good company. Keeping up with teen slang is nearly impossible. New words are constantly being introduced, thanks to the influence of music, the Internet, apps, and celebrities (not to mention regional vernacular!). You may feel overwhelmed and lost when listening to your children/grandchildren speaking, and it'll only get worse when reading social media posts and hashtags. Use this guide as a reference for what's widely popular right now in order to translate what teens are saying.

## A Final Thought

As you can see, there’s a lot to keep track of! We hope knowing these terms helps you discern when your teens are just engaged in harmless fun and when they’re in need of intervention. *One caveat:* Teens are all about authenticity. They can smell inauthenticity a mile away. So carefully consider the choice to add these words to your vocabulary. Your teens may think it’s cool or funny that you’re using them . . . or they may find it totally uncool and therefore be embarrassed by your use of them.
